(a) Consolidated Income Statement

- a. The ₱1.7M revenue for the first half of the year was generated from service fees paid to Paxys by an affiliate.
- b. There were no direct costs for the period as Scopeworks' managed facility service contracts ended in 2024.
- c. Total general and administrative expenses totaled ₱35.6M, which is ₱2.7M or 7% lower than the amount budgeted for the period.
- d. Other income, comprising mainly of interest income from the group's surplus funds, was higher than budget by ₱0.9M.
- e. Overall result was a net income of about ₱59M, which was 6% higher than the expected net income of about ₱56M. EBITDA was positive ₱63.3M.

(b) Consolidated Financial Position

- a. The Group's total assets decreased by 0.5%. This was primarily due to the weakening of the US Dollar from the end-2024 level, offset by the net income for the period.
- b. Total liabilities decreased by a net amount of ₱1.2M, which consisted mostly of lease payments offset by unreleased checks as of June 30, which were reverted to liability.
- c. Retained earnings went up by ₱59.4M which is the net income of the group for the period.
- d. Other equity reserves decreased by ₱80.3M due to the weakening of US Dollar versus the Philippine Peso from ₱57.85 at the beginning of the year to ₱56.33 as of June 30, 2025.

On a per entity basis, the consolidated net income of ₱59.4M primarily consists of: PNV's ₱67M net income from its surplus funds less Paxys and SWA's combined net operating loss of ₱8.9M.

In summary, the Group generated a net income of ₱59M for the first half of the year. The lower general and administrative expenses and higher interest income are the primary contributors to the 6% favorable variance vs. the budgeted net income.

Total assets decreased by P22M primarily due to the weakening of the US Dollar, which offset the net income generated for the period.

Internal Audit

The Internal Audit activity supports the Board and management's assessment of the soundness of internal control and compliance systems by doing an independent, objective review. The Internal Audit reports functionally to the Audit, Risk and Related Party Transactions Committee and administratively to the Chairman and President, thus providing full independence to the internal audit activity.

Internal Audit conducts an annual risk assessment to determine the risk auditable units for review. This is reviewed and approved by Audit Committee. The Internal Audit meets as often as necessary to discuss audit results and other control and compliance matters. A copy of the minutes of the committee meetings is provided to the board.

Compliance Systems

The Compliance Officer is responsible in developing, overseeing and monitoring implementation of compliance program. He ensures the company's adherence to regulatory and fiduciary requirements. The compliance officer is tasked to regularly provide compliance reports to the Audit Risk and Related Party Transactions Committee. Internal Audit likewise conducts an annual review of the Company's compliance systems and processes.
